8. Privacy
The CSR decides on their reaction to the request for consent on the Privacy policy, processing of personal data, and camera surveillance regulations.
Michele gives an update: JZ will make more concrete regulations and plans based on the framework Privacy Policy. Michele questions whether the CSR/COR should have a right of consent on these documents as well. Michele says that there is still work to be done making the UvA compliant with the AVG. The Policy cannot state to be AVG-compliant if there is still work to be done.

The following points will be included in the CSR’s reaction letter on the Privacy Policy:
- Study advisors getting access to students data
- Student assistants should be included in the AVG-training
- Installing an FGB at the faculty level
- Formalizing the privacy shield
- Receiving the report from the FGB
- The UvA is responsible, not the CvB.
- The Privacy policy is intended for the College van Bestuur, which has to safeguard the implementation and compliance with this policy.
- Nuance the incorrect statement that this Privacy policy arranges a compliance with the AVG.
- Breaking point. The CvB should take care to make a concrete elaboration of the procedures and instructions of the still abstract principles and norms of the Privacy policy by repeating this explicitly in said policy.
- Until procedures and instructions have been implemented, the possibility of sanctions against individual employees (except for the College van Bestuur) should be canceled.
- Mention where (other) concrete organs or officers should take responsibility for certain measures.
• **Breaking point.** Consent from the COR in order to implement the concrete elaborations of the processing framework.

• **Breaking point.** The incorrect interpretations of the AVG.

• Comments placed in the legal advice.

**Voting proposal:** The CSR decides to consent to the camera surveillance regulations, while considering the remarks of the legal advice.

The CSR discusses how to support the actions of WOinActie.

Michele says that the FSR-FMG has informed all the study associations about the actions. Pim says that WOinActie is working on a letter to the minister of OCW. Michele suggests informing the students and councils about the Night of Protest.

Ken, Kjeld, Michele, Sebastian, Sasha, and Loraine want to actively involve themselves in the actions of WOinActie. Loraine does not want to include the CvB in this, while Sasha does want this. Atma, Jason, and Pim want to get involved with help of the CvB. Teo doesn’t care. Mees is against the Night of Protest. Darius does not want to get involved.

Mees asks what getting actively involved would precisely entail. Michele suggests attending meetings. Pim asks whether the letter of WOinActie could be signed as CSR, but the council agrees that this should first be put up to a vote.
10. WHW-meeting CSR-RvT

11. Sustainability

The council agrees with the proposed approach that Michele will work out further with the input of the FSR’s. **(action)** Michele will compose a list of points to be included in the vision, which can be addressed during an OV or in a formal letter. This will be also included in transfer period for the new council.
